SUMMARY

An avid programmer who enjoys solving interesting problems. Consistent, Detail Oriented mindset. Curious about how things work. Proficient in various programming languages such as Python, Java. Skilled in Data Structures and Algorithms.

TECHNICAL SKILLS

Programming languages:

Java, JavaScript, NodeJS,
Python

Web Technologies:

React JS, Angular, HTML5, CSS

Data Management:

MySQL, MongoDB, MS Access

Platforms:

Windows 10, VS Code

CERTIFICATIONS

- Data Structures and Algorithms | GeekForGeeks | June '22
- Web Development Bootcamp | Udemy | Jan '23
- React JS by Coding Spoon | Jan '23

POWER SKILLS

- Extrovert
- Thinker
- Initiative
- Perceiver

EXTRA CURRICULAR ACTIVITIES

- Participated in various contests on Coding platforms like leetcode.
- Participated in various Sports Competitions and won a few.

PROJECTS

Twitter Clone

- Domain: Web Application | Programming Languages: React JS, Tailwind CSS, Firebase.
 - An application which can be used for tweeting, commenting, and view tweets.

Features:

- ❖ Login/ Logout through Google Tweeter Lookout.
